Abstract

**Shorebird Migration from the Arctic to Patagonia
and Arctic Voyages**

Dave Grant

Ocean Institute, Brookdale College, Sandy Hook, NJ

Dave Grant is the director of Brookdale College's Ocean Institute at Sandy Hook, NJ. The college serves over 8,000 students each year with marine and environmental programs. Honors for his programs: Environmental Quality Award (USEPA), Innovative Environmental Programming (Water Resources Association), Excellence in Environmental Education (Grossinger Award); and personal citations from: NJ Marine Education Association, Audubon Society, and Alliance of New Jersey Environmental Educators (Educator of the Year)

He will present on Arctic Voyages - discussing plankton sampling in Baffin Bay; Shorebirds and the global link from the Arctic to New Jersey and Patagonia; and will share teaching techniques and information about New Jersey, shorebirds and horseshoe crabs with local teachers and students.
